570 projects from UK in last 6 years

Creative Skills was established in 1998 and entered the UK market in 2002. Our subsequent growth has been achieved off the back of an outstanding reputation for delivering well-designed and efficiently structured web solutions either directly to clients or as part of a long-term partnership with UK agencies.

We have a very good exposure to your local market and as such, we understand the requirements of your clients. We have a proven track record of saving cost without compromising quality and for delivering projects on-time and to the satisfaction of all stakeholders.

### A value-based partnership

We are equipped, adept and experienced at offering a seamless service to UK-based agencies that recognise the financial benefits of tapping into a highly skilled off shore pool of resource. The standard of our work is uncontested and we know from our own benchmarking activities and feedback from our long-established clients, that we offer exceptional value.

### A proven record of accomplishment

We boast an exemplary record of satisfaction with over 570 UK-based projects completed in the past 6 years.

We specialise in Web design and development, e-Commerce, ERP in SharePoint, CRM and Application Development in .Net.

Our technical expertise is unsurpassed and extends to:

- HTML / CSS / AJAX
- PHP / MYSQL
- C#.Net / ASP.Net / SharePoint
- FLASH / ACTIONSCRIPT

“ Save cost without compromising on quality ”

CD Solutions have been working with Creative Skills since early 2008 and have found the quality of their work to be of a very high standard.

Working with companies overseas can produce communication problems, this has never been the case, Creative skills are always available and respond to issues in a speedy manner, which enables CD Solutions to provide a quality service to all our customers.

Creative Skills come very highly recommended by CD Solutions
